

ABOUT

My name is Adnan Skopljak and I am a Software Development Engineer based in Kreševo, Bosnia and Herzegovina. Certified Front-End JavaScript Developer with practical experience gained through training sessions with highly skilled mentors from IT Academy.

My main focus is working on Front-end, creating, designing and developing high-quality, modern content. my abilities do not stop there, as I am skilled in Back-end technologies and more.

All projects can be viewed on <https://adnanskopljak.com>

EDUCATION

**Computer Technician**  
I learned basics of language C, and I also gained experience in building web applications using HTML, CSS, and JavaScript.  
2019 – 2023

**ITAcademy**  
Completed intensive 1-year program covering web development, SEO optimization, and basic back-end concepts. Gained skills in latest software, design, and site optimization  
Nov/2023 - Dec/2023

EXPERIENCE

**ITAcademy / Back-End Team Lead**  
Dec/2023 – May/2024

**Description:** Leading the Back-End Team in IT Academy internship application, I control the improvement of the Linker Application's server-facet functionalities. Utilizing NodeJS, Express, MongoDB and GIT, I collaborate with interns to make sure of smooth integration and efficient database control.

**Tech stack:** NodeJS, Express, MongoDB, MySQL, GIT  
**Project:** Linker Application

**ITAcademy / Front-End Team Lead**  
Nov/2023 - Dec/2023

**Description:** As the Front-End Team Lead Intern at IT Academy, I directed the improvement of the Linker Application's consumer interface. Working with ReactJS, SASS, JavaScript, Bootstrap, and GIT, I led a group of interns in growing responsive and visually appealing the front-end solutions.

**Tech stack:** ReactJS, SASS, JavaScript, GIT  
**Project:** Linker Application

**STEELPRO / Website Production and Maintenance**  
Jun/2022 - May/2023

**Description:** As the only developer at STEELPRO, I undertook the duty of manufacturing and keeping the agency's public internet site and Inner Dashboard application. I single-handedly managed the whole improvement lifecycle, from conceptualization to deployment, ensuring a seamless consumer experience across each system.

**Tech Stack:** ReactJS, SASS, JavaScript, GIT, NodeJS, MongoDB, Redis.  
**Project:** Public website and Inner Dashboard application
